

SMART Local 329 Arrival Protection Plan

Starting July 16th, 2026 Conductors who arrive at the wrong time will have their turn moved **FIRST OUT** on their assigned board.

If the extra board conductor arrives at the wrong time their turn will be moved to first out. The Pool turn they protected will be left where it is.

Union Officers will **NOT** be monitoring the boards and will need to be notified as these violations happen.

If notification to an officer isn't made within 2-3 hours of offenders Tie-up, the turn won't be moved.
